

# Samsung S27C650P Desktop Monitor

Can a picture be worth more than a thousand words?

## 27" LED Desktop Monitor with Superior HD Image Quality

For the enterprise that demands outstanding image reproduction (and demands it be affordable), we present the Samsung S27C650P. Featuring upgraded panel technology, it delivers greater color accuracy and a 5000:1 static contrast ratio for excellent gray-scale reproduction. It's a more true-to-life visual experience, even when viewed from the side. For easy and intuitive operation, there's front-mounted tactile buttons. And the narrow-bezel design saves space and helps maintain a cleaner, more professional-looking workspace. Even ergonomics is a priority. The height-adjustable stand swivels, tilts and pivots, keeping users comfortable, focused and productive. The Samsung S27C650P. **Business. Innovated.**

### AD-PLS Panels for an Incredible Experience

Samsung AD-PLS panels are a more cost-competitive alternative to our high-end PLS panel technology. They deliver outstanding image quality, as well as wide 178° viewing angles.

### More Connectivity Options

VGA, HDMI and DisplayPort give users flexibility in high-speed connectivity. So whatever devices users need to connect today or in the future, the S27C650P keeps everyone's options open.

### Built-In Speakers

The integrated 2-way speaker delivers outstanding stereo sound for an enhanced multimedia experience, whether watching movies or listening to music.

### LED Technology Saves Energy

Samsung LED technology requires up to 40% less energy than conventional monitors, and users can easily adjust brightness settings for an extra energy savings of up to 50%. This enables enterprise users to significantly reduce energy usage.

### Ultra-Slim Design That Fits Any Desk

The sleek, stylish design and low profile stands take up less desk space and contribute to a cleaner-looking office. The built-in cable management feature also adds to a clutter-free work environment.

### Ergonomic, Adjustable Stand

The monitor swivels, tilts, pivots and is height-adjustable. And since the monitor is VESA compatible, installation on a wall or separate mounting arms is easy.
